Dear Valued Sales Agent,

Thank you for your ongoing dedication to supporting your clients and our southern Nevada community. As we approach Medicare’s Annual Enrollment Period (AEP), we want to remind you that we’re here for you – please contact us if there’s anything we can do to make your job easier. If you’ve come across our “Power of We” brand message around town, we feel that perfectly symbolizes our partnership. Consider us your ally in achieving your growth goals.

We are proud of the positive impact we have made as a health system, including being voted #1 largest health system in the nation by Fortune magazine and PINC AI and being voted Best of Las Vegas winners in senior-focused healthcare by the Las Vegas Review-Journal for two consecutive years. We’ve continued to expand our senior primary care footprint to improve patient access and now operate 35 clinics to serve our senior community. We’ve also recruited specialists to support key areas of need like rheumatology, congestive heart failure (CHF), and COPD. By the end of 2024 our mobile InstaCare service will cover the entire Las Vegas Valley, delivering timely care in the comfort of our patients’ homes. These are just a few examples of the initiatives we are leading to fulfill our mission of Helping People Live the Healthiest Lives Possible®

We developed this toolkit to serve as a comprehensive resource for your client meetings and have included our service line brochures and some tips for a smooth transition. Please note the toolkit is accurate as of August 2024. Visit our Broker Resource Center (intermountainhealthcare.org/nvbrokers) to download monthly updates of our payer directories, provider directory, and sign up for our biweekly newsletter for the latest information about Intermountain Health.

As you prepare for the season, please reach out to our broker relations team for help with any issues or questions that arise when assisting your clients in becoming Intermountain Health patients. We are dedicated to ensuring that you have an outstanding experience working with our organization.

You know the team

Your provider, who knows you, your family, and your health history, leads your mental health care plan. They will recruit other caregivers to join your team as needed. The team knows you. They respect you, listen to you, and communicate well to help you improve your whole health.

Feel the difference

Mental health is a fundamental aspect of your well-being that deserves attention and care just as much as your physical body. The goal of integrating mental health services is to improve this core component of your health so you can live your healthiest life.

Everyone can benefit from mental health services at some point. Work problems, illnesses, relationships, and family issues – we all face these in life. They stress our ability to cope.

We'll be there for you.

How does the House Calls service work?

1. If your provider refers you to our House Calls service, a member of the House Calls team will call you within two business days to schedule your first in-home appointment.
2. A dedicated nurse practitioner will learn your medical history, lifestyle, goals, and care plan, and lead your in-home care in close coordination with your primary care provider. Other specialists will be added to your care team as needed.
3. In-home visits will be conducted at a rate determined by you and your provider in order to maximize your health, while maintaining your privacy and safety.
4. When you are healthy enough to do so, you will return to your primary care provider for regular clinic visits.
